Free vs Pro: WooCommerce Free Shipping Bar Feature Comparison

Pro Features · https://wpfactory.com/docs/free-vs-pro-versions/

In Free Shipping Bar: Amount Left for Free Shipping for WooCommerce, the free version includes the General settings, the Cart section, the progress bar, all shortcodes, and the widget. Pro adds the Mini-cart, Checkout, Store notice, and Add to cart sections, the AJAX options, cart custom style, and hiding the amount left text by category or user role.

Area	Free version	Pro version
General	Enable plugin, shipping country, messages, calculation method, hide shipping methods, hide text by cart amount and by disabled shipping method	Hide the amount left text by category and by user role
Cart section	Enable, content, position, position order (priority), wrapper options	Custom style (text color, font size)
Mini-cart section	Not available	Entire section: enable, content, position, priority
Checkout section	Not available	Entire section: enable, content, position, priority, wrapper, custom style
Store notice section	Not available	Default WooCommerce notice and site-wide notice, with full styling
Add to cart notice	Not available	Entire section: enable, content, position, glue

Area	Free version	Pro version
Manual min amount	Enable, amount, special values, extra amounts by user role, currency, and shipping zone	Extra amounts by shipping method and shipping class, WooCommerce Currency Switcher conversion
Progress bar	Enable, background color, foreground color, height	Animation
Advanced	Check shipping cost, check for alternative free shipping, hide text for virtual-only carts, clear notices	Ignore virtual products in the min amount calculation, all AJAX options
Compatibility	Show a notice for PW WooCommerce Exclude Free Shipping products	Disable the free shipping check for those products
Shortcodes and widget	All shortcodes and the widget	Shortcodes gain AJAX output when AJAX is enabled

Note: the Pro-only fields still appear in the free settings screen, but they are disabled until you activate a license. The mini-cart, checkout, store notice, and add to cart sections all have their Enable toggle gated, so the whole section is Pro.

AMOUNT LEFT FOR FREE SHIPPING

If you are still on the free version of Amount Left for Free Shipping, upgrading takes a couple of minutes and unlocks the extra display sections, AJAX updates, and targeted hiding rules.
