Cart Total Calculation Issues

Troubleshooting · https://wpfactory.com/docs/cart-total-calculation-issues/

If cart total calculation is not working in Order Min/Max, confirm the Enable section box is checked under Cart Total, make sure the product IDs, categories, and tags in the settings are accurate, and check that List variations is enabled for variable products.

- Confirm the **"Enable section"** box is checked under **"Cart Total."**
- Ensure product data **(IDs, categories, tags)** is accurate in the settings.
- Verify if **"List variations"** is enabled for variable products.
