Email Verification: Advanced Troubleshooting

Troubleshooting · https://wpfactory.com/docs/troubleshooting-advanced-issues/

If the WooCommerce Email Verification plugin still does not work after the other troubleshooting steps, check your WordPress error logs for messages related to the plugin, since they can point to the specific cause. If you have exhausted every troubleshooting step, contact the plugin's support team for further help.

- **Check Error Logs:** If none of the above solutions work, consult your WordPress error logs for any error messages related to the WooCommerce Email Verification plugin. These logs might provide more specific clues about the issue.

Contact Plugin Support

If you've exhausted all troubleshooting steps, consider reaching out to the plugin's support team for further assistance.
