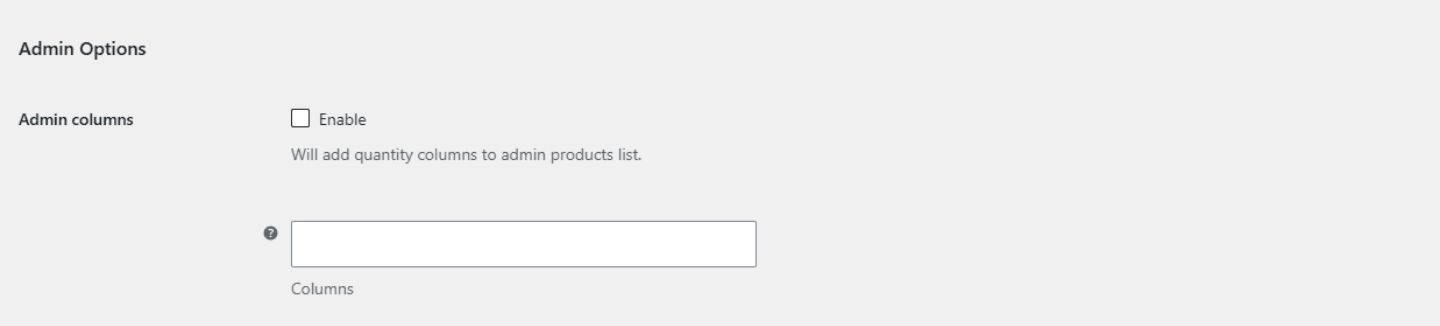
How to Show Quantity Columns in the Products List

How to · https://wpfactory.com/docs/woocommerce-admin-quantity-columns/

The Min Max Step Quantity Limits Manager for WooCommerce can add Min, Max and Step columns to the WordPress **Products** list, so you can see each product's quantity rules at a glance without opening it. This is a free feature.



Steps

1. Go to **WPFactory > Quantity Manager** (also reachable at **WooCommerce > Settings > Product Quantity**).
2. Open the **Admin** section.
3. Tick **Admin columns** (`wpfmmsq_admin_columns_enabled`).
4. In **Columns** (`wpfmmsq_admin_columns`), choose which to show: Min Qty, Max Qty, Qty Step. Leave blank to add all of them.
5. Click **Save changes**, then open **Products > All Products** to see the new columns.

Options reference

Label	Option ID	Default	Free/Pro
Admin columns	`wpfmmsq_admin_columns_enabled`	No	Free

Label	Option ID	Default	Free/Pro
Columns	`wpfmmsq_admin_columns`	All (blank)	Free

QUANTITY MANAGER

Admin columns are free. Min Max Step Quantity Limits Manager for WooCommerce Per-product minimum, maximum and step, the values those columns display, are free to set as well.
