Stock History Settings Reference

References · https://wpfactory.com/docs/stock-history-settings/

This is the complete settings reference for Stock History & Reports Manager for WooCommerce: every label, option ID, default and Free/Pro status, by section. Find the settings at **WPFactory > Stock Snapshot** (also reachable at **WooCommerce > Settings > Stock Snapshot**). Only the Emails section switches are Pro.

General section

Stock Snapshot Options

Label	Option ID	Default	Free/Pro
Product update snapshots (take a snapshot on each product update)	`alg_wc_stock_snapshot_product_update`	Yes	Free
Extra data (store action, context, order ID and user with each snapshot)	`alg_wc_stock_snapshot_extra_data`	Yes	Free
Allow snapshots via URL (site address plus `?alg_wc_stock_snapshot=1`)	`alg_wc_stock_snapshot_url`	No	Free

Variable Product Options

Label	Option ID	Default	Free/Pro
Include variations (track variations as separate products)	`alg_wc_stock_snapshot_include_variations`	Yes	Free

Label	Option ID	Default	Free/Pro
Append variations (add variations' stock to the parent product's stock)	`alg_wc_stock_snapshot_count_children`	No	Free

Periodic Snapshots Options

Label	Option ID	Default	Free/Pro
Periodic snapshots	`alg_wc_stock_snapshot_action_scheduler`	Yes	Free
Interval (in seconds), minimum 60	`alg_wc_stock_snapshot_action_scheduler_interval`	86400 (24 hours)	Free

Advanced Options

Label	Option ID	Default	Free/Pro
Prepare reports in background (affects the Report section)	`alg_wc_stock_snapshot_report_do_in_background`	No	Free

The General section also lists the `[alg_wc_stock_snapshot_restocked]` shortcode. See How to Show Recently Restocked Products in WooCommerce.

Tools section

Tick a tool and click **Save changes** to run it. The box unticks itself after the run.

Label	Option ID	Default	Free/Pro
Take snapshot (take a snapshot of all products now)	`alg_wc_stock_snapshot_tools_take_snapshot`	No	Free

Label	Option ID	Default	Free/Pro
Delete all snapshots (no undo)	`alg_wc_stock_snapshot_tools_delete_snapshots`	No	Free
Clear plugin transients (cached Report, History and shortcode results)	`alg_wc_stock_snapshot_clear_transients`	No	Free

Plugin transients are also cleared every time you save any section of the settings.

Report section

The Report section has no stored settings and no Save button. Its range links, user, category and report type selectors and date fields are applied through the page address. See How to Create a WooCommerce Stock Change Report.

History section

Label	Option ID	Default	Free/Pro
Scale (Years, Months, Days, Hours, Minutes, Seconds)	`alg_wc_stock_snapshot_history_date_points`	Days	Free
Product categories	`alg_wc_stock_snapshot_history_product_cats`	Empty (all categories)	Free

Emails section

Email Options (snapshot emails)

Label	Option ID	Default	Free/Pro
Emails	`alg_wc_stock_snapshot_email_enabled`	No	Pro

Label	Option ID	Default	Free/Pro
Email address	`alg_wc_stock_snapshot_email_address`	Site admin email	Pro
Email subject (placeholders `{site_title}`, `{date}`)	`alg_wc_stock_snapshot_email_subject`	`{site_title} - Stock Snapshot - {date}`	Pro
Email heading	`alg_wc_stock_snapshot_email_heading`	Stock Snapshot	Pro
Email content (placeholders `{stock_changes}`, `{all_stock}`)	`alg_wc_stock_snapshot_email_content`	"Stock Changes" and "All Stock" headings with both tables	Pro

Report Email Options

Label	Option ID	Default	Free/Pro
Daily report emails	`alg_wc_stock_snapshot_report_emails_enabled`	No	Pro
Email data (one line per email: `report type|days|email address|email subject|time`)	`alg_wc_stock_snapshot_report_emails`	Empty	Pro

In the free version the **Emails** and **Daily report emails** checkboxes are disabled, and the other email fields have no effect. See How to Email WooCommerce Stock Reports Automatically.

Reset settings

Every section except Report ends with **Reset section settings** (option ID `alg_wc_stock_snapshot_{section}_reset`, default No). Tick it and save to restore that section's defaults. A notice confirms "Your settings have been reset."
